February 2, 2018

Dear Valued Customer,

Effective March 1, 2018, Equistar Chemicals, LP (“Equistar”) will implement a three cent per pound (US \$0.03/lb.) price increase. This price increase will apply to all grades of polyethylene products sold in North America. This increase is in addition to all previously announced increases, including the previously announced US\$0.04/lb. increase effective February 1, 2018 for all polyethylene resins.

As always, fulfillment of orders is subject to Equistar’s acceptance of each order and our ability to supply product.

We appreciate your business and the confidence you have placed in us as a supplier of your polyethylene needs. Your Account Manager can answer any questions you may have regarding this price increase.

Sincerely,

A handwritten signature in black ink that reads "Howard K. Williams".
