

January 31, 2018

Mr. Roger Moroney
Amco Polymers
1900 Summit Tower Blvd
Orlando, FL 23228

Dear Roger,

Effective for shipments made on or after February 22, 2018, Ravago Americas will implement a \$0.10 per pound price increase on Hylon® Nylon 6 and 66 products.

In order to keep pace with industry dynamics, Ravago Americas has undertaken aggressive infrastructure and supply chain investments. While these investments provide operational advantages and do yield enhanced quality, they do not affect rising raw material costs. Ravago Americas needs to address this impact with a measured price increase to its' Hylon products.

If you have questions concerning this matter, please contact your Ravago Americas representative for assistance.

Respectfully yours,

Brian Ahrens

Brian Ahrens
